3 Admission

Admission will be carried out through the myEuncet digital platform, to which the interested person will be referred once he/she applies for access to the bachelor's degree. To formalise admission to a degree, the interested person must make a payment of €600 as an advance on the enrolment fee. No refund, either total or partial, of this amount will be made, except in the event that the candidate does not meet the access requirements. Once the enrolment has been formalised, the economic regime established by Euncet will apply. The total price of the enrolment fee will be deducted from the amount advanced for admission.

This payment does not guarantee in any case access to the bachelor's degree requested, nor to its modality. To access the bachelor's degree, it is necessary to meet the requirements established by the University Access Office of the Generalitat de Catalunya (Accesnet).

4 Tuition payment methods

4.1 Single payment

This payment option has an **additional discount of 5 %** on the amount of the credits enrolled minus scholarships, grants and reservations, provided that the payment is made, at the latest, within **5 working days after the enrolment has been formalised**. Payment must be made through the myEuncet digital platform. The bank transfer must be in **euro currency**. Any bank transaction fees will be borne by the payer.

4.2 Direct debit instalment payment

This payment option has the following features:

- It can be divided into a **maximum of 11 instalments** (the minimum being 2 and the maximum 11), although the last instalment to be paid, regardless of which month the first instalment begins to be paid, may not be later than **June 5, 2026**.
- **As a general rule**, all instalments will be of the same amount.
- The receipts are issued on the **5th of each month** from the date of enrolment and can be paid by direct debit at any financial institution.
- This modality has no interest or commissions.
- In the event of a return of the direct debit bill, a surcharge of **30 euros will be charged for management fees**.

5 Effects of not paying tuition

Failure to pay the enrolment fee or some of the instalments within the established deadlines will result in the temporary suspension of the student's rights.

Payment of outstanding amounts for enrolments from previous years is required as a precondition for enrolment, issuance of titles or certificates.

6 Enrolment modifications

The academic calendar of Euncet provides, for each academic period, a deadline for admitting requests for modification of enrolment:

- First semester:
 - **Until 26 September 2025:** applications for enrolment modification are accepted.
 - **From 27 September 2025:** applications for enrolment modification will **NOT** be accepted.
- Second semester:

 - **From 7 February 2026:** applications for enrolment modification will **NOT** be accepted.

7 Tuition resignation

As a general rule, **you cannot waive your enrolment**. However, in duly justified cases and only once, students may request the total resignation of enrolment and to receive the requested academic services as long as they do so within the period established in the academic calendar, regardless of the date on which the enrolment has been formalised.

In any case, students who renounce their first-year enrolment will lose the assigned place and, if they wish to re-enrol, they must be readmitted in the pre-enrolment process or in accordance with the access rules in force for those studies.

The Euncet academic calendar provides a deadline for admitting applications for resignation of enrolment:

- **Until September 26, 2025:** in duly justified cases and for a single time, students may request the resignation of enrolment (except for the payment and deposit as an advance, in the case of new students) by making an application. The management of the centre will assess the documentation provided and will give the decision within a maximum period of 15 working days.
- **From 27 September 2025:** applications for resignation of enrolment will **NOT** be accepted with the exception of the reallocation of places for new students. They must make an application attaching the supporting documentation. The management of the centre will assess the documentation provided and will give the decision within a maximum period of 15 working days.
